2018 census shows Lethbridge population inching closer to 100,000

Lethbridge, Alberta – Lethbridge continues to grow with the official 2018 census results showing a population of 99,769, an increase of 1,571 (1.6 per cent) from the 2017 municipal census number.

“Lethbridge consistently demonstrates a sustainable, healthy rate of growth,” says Mayor Chris Spearman. “This stable growth allows the City of Lethbridge to plan effectively for the future of our community.”

The City of Lethbridge conducts a census each year to provide an accurate count for provincial and federal per-capita grants. Funding from these sources helps support construction of facilities such as Westside Fire Station and Legacy Park.

“The participation of residents and the commitment of census takers in our yearly census is greatly appreciated,” says David Sarsfield, Deputy City Clerk. “Without the cooperation of our residents, we would not be able to collect the information that we require.”

The 2018 census numbers show the strongest growth occurred in West Lethbridge with 875 new residents, a 2.24-percent increase.

Region	2018	2017	Change in #'s (2018)	Change in % (2018)
North Lethbridge	27,700	27,453	247	0.90%
South Lethbridge	32,109	31,660	449	1.42%
West Lethbridge	39,960	39,085	875	2.24%
Totals	99,769	98,198	1,571	1.60%

This was the fourth year the census takers used mobile devices to gather information at the door. The census determines the number of people living in each household as well as their age and sex. This snapshot of the city’s demographics helps city departments plan what services will be needed in what areas.

The City of Lethbridge conducts a census to establish the total population of the City.

Per capita grants

Municipal data is useful to both municipal and provincial governments as decisions regarding future transportation networks, the location of schools, parks, utilities and fire protection facilities are based to a large extent on statistics on population growth collected in the municipal census. Many of the grants received from the provincial and federal governments are awarded on a per capita basis and a census count ensures that maximum grants are received.

Basic Census

A basic census was undertaken. Information collected included validity of the address, if the dwelling unit was occupied, unoccupied, a vacant lot, or under construction, and if occupied, the number of people living in the unit, their ages and sex.

Every effort was made to reach all households in Lethbridge.

The Office of the City Clerk is confident that everything possible has been done to attain accurate information.
